# SINGLE SEATERS 2009

## CHAMPIONSHIP CHARTS

HOUILLES, DÉCEMBRE 2009

*published on [www.gdecarli.it](http://www.gdecarli.it) with kind permission*

## FOREWORD

F1, Indy Car & Indy Lights, are covered in details : every practising driver is registered.

Principle : Race by race charts with the bare results — no qualifying position or time, nor averages, lap leads, fastest laps, race distance, money won...

Beware : These are not point charts, but compilations of the actual finishing positions — each point system is described.

Other single seater formulæ : all the race winners are registered.

ABBREVIATIONS USED IN THE CHARTS :

**Bold** : drivers who actually started at least one race.

**Standard** : drivers who actually drove the car, without starting any race, including tested drivers.

*Italics* : drivers entered but never drove the car, even in testing.

Underlined : drivers new in the category.

alt = alternative driver — *dna* = did not appear — *dnp* = did not practise — *dnq* = did not qualify — *dns* = did not start — *dsq* = disqualified — *n c* = not classified — *p* = practised — *r* = retired — *®* = official Rookie — *s* = reserve driver — \* = retired but classified

Colour code :

Grand Prix (F1) — Champ cars & indy cars — formule libre (BOSS) — Big cars (sprint & dirt) — Light cars (GP2, Superleague) — Second-hand Champ & Indy cars — "Intermediate" formulæ (between Premier & Voiturette : A1GP, IPS) — Voiturette (F2, WSR, Formula 3000, Formula Nippon) — major "Subsecond" formulæ (between Voiturette & F3 : Atlantic, FRV6 Asia) — minor "Subsecond" formulæ (FA, FPA, FIM, E2000, AF2) — Formula 3 — "Feeding" formulæ (under F3) — Midgets
