CHAMPIONSHIP CHARTS

DÉCEMBRE 2011

published on www.gdecarli.it with kind permission

FOREWORD

F1 & Indycar are covered in details : every practising driver is registered.

Principle : Race by race charts with the bare results — no qualifying position or time, nor averages, lap leads, fastest laps, race distance, money won...
Beware : These are not point charts, but compilations of the actual finishing positions — each point system is described, when known, besides each chart.

Abbreviations used in the charts :

Bold : drivers who actually started at least one race.

Standard : drivers who actually drove the car, without starting any race, including tested drivers.

Italics : drivers entered but never drove the car, even in testing.

Underlined : drivers new in the category.

alt = alternative driver — b = bumped once qualified — dna = did not appear — dnp = did not practise — dnq = did not qualify — dns = did not start — dsq = disqualified — n c = not classified — p = practised — R = retired — ® = official Rookie — s = reserve driver — * = retired but classified
